WHEN MEASURE COMES UP

Speaking Of General Prin-
ciples, But In An Inter-
view Would Not Commit
Himself As To Details—
Owes It To People Of His
State To Head Lesson Of
The Hour.

Washington, Feb. 7.—Senator At-
lee Pomerene of Ohio is a staunch ad-
vocate of preparedness. When the ad-
ministration's program comes before
the senate he will be one of its loyal
and efficient supporters. In an in-
terview he said:

"I certainly am decidedly in favor
of a program of preparedness. I am
not committing myself as to details.
I am only speaking of general prin-
ciples.

"In our cities we provide police
departments, not because we believe

we will be robbed or that violence
will be committed in the community,
but because common experience tells
us these things are likely to happen.
We have a sheriff to preserve the
peace in the county and maintain a
National Guard in each state for the
same reason. Domestically, we are at
peace, yet knowledge and experience
tell us a necessity exists for the po-
lice, the sheriff and the National
Guard.

"Is it possible that we will recog-
nize this necessity and provide ac-
cordingly in our domestic affairs and
that men who believe in these ele-
ments of security will say that there
is no need for an army and navy to
protect our shores and sea coast cit-
ies and the lives and property of our
people who may be on the high seas
or abroad?

"When dangers arise in our mun-
icipalities or in our states, as prudent
men, we increase our means of pro-
tection against riot and disorder.
Ought we not, for the same reason,
when some of the belligerents are
sinking vessels in violation of every
principle of international law and
humanity, and other belligerents are

COL. HOUSE ON WAY TO LONDON

(ASSOCIATED PRESS TELEGRAM)
Paris, Feb. 7.—Colonel E. M.
House, who has completed his con-
versations here with various govern-
mental officers and diplomatic rep-
resentatives will leave for London
tomorrow. He met Joseph E. Will-
ard, American ambassador to Spain
here last evening.

Today, he again took luncheon
with Ambassador Sharpe.
Col. House declared himself en-
tirely content with the results of his
visit to Paris. He was questioned
collectively today by ten newspaper
correspondents but skillfully avoided
any indications of the object of his
visit or its specific results.

CHARGED THAT YOUNG TEIPER IS MATRICIDE

(ASSOCIATED PRESS TELEGRAM)
Buffalo, N. Y., Feb. 7.—John
Edward Teiper was arraigned in the
supreme court here today on a
charge of murder in the first degree
for the slaying of Mrs. Agnes M.
Teiper, his mother, who with Tel-
per's brother, Frederick C. was killed
on the Orchard Park highway a
week ago last night.

Motion for bail was denied and
Teiper was committed to jail until
Wednesday.

The charge was made before Jus-
tice Marcus as a committing magis-
trate.

Edward R. O'Malley counsel for
Teiper demanded an immediate ex-
amination but District Attorney Wes-
ley C. Dudley asked that it be de-
ferred until Wednesday morning.

In spite of Mr. O'Malley's protests
the court granted a continuance un-
til Wednesday and over-ruled an ap-
plication to admit Teiper to bail.

BREWERS WILL BE INVESTIGATED BY A GRAND JURY

(ASSOCIATED PRESS TELEGRAM)
Pittsburgh, Feb. 7.—Investigation
of the political activities of a number
of brewery organizations will be taken
up by a federal grand jury in the
United States district court here next
Wednesday.

E. Larry Humes, United States dis-
trict attorney, said today that the
probe would be exhaustive, a num-
ber of internal revenue agents from
other parts of the country have ar-
rived here to assist the local force.

The first witnesses to be called
will be officers of the United States
Brewers' Association, and of the
Pennsylvania Brewers' Association
both with headquarters in Philadel-
phia. Officers of the Brewers' As-
sociation of Western Pennsylvania will
follow.

It is also stated that a number of
men well known politically, would be
called but the subpoenas for them
have not yet been issued.

REPORT GERMANS PLACE A BIG FINE ON CITY OF VILNA

London, Feb. 7.—11:55 a. m.—A
line of 75,000 marks is said by
Reuter's Petrograd correspondent to
have been levied on the people of
the city of Vilna by the German au-
thorities on the ground that the re-
cent fire there was of incendiary
origin. The flames reached the
headquarters of the general staff of
the German army operating on the
front between Vilna and Baranov-
ichi.

(FRENCH GENERAL DEAD.)
Paris, Feb. 7.—General Nicholas
Victor Delmotte has died from ill-
ness contracted at the front. He
was one of the heroes of the retreat
from Charleroi, during which he
commanded the rear guard brigade
of the French seventh army corps.

Steel Companies Announce Gigantic Merger, Involving Control of Cambria Company

(ASSOCIATED PRESS TELEGRAM)
Philadelphia, Feb. 8.—Control of
the Cambria Steel company, one of
the largest of the independent steel
concerns, has been purchased by the
Midvale Steel and Ordnance com-
pany, of Philadelphia.

Announcement to this effect was
made today by W. H. Donner, presi-
dent of the Cambria company.

PRICE PAID IS SAID
TO BE \$81 PER SHARE

(ASSOCIATED PRESS TELEGRAM)
New York, Feb. 7.—The newly
organized Midvale steel company has
purchased control of the Cambria
steel company, according to an
authoritative announcement here today.
The price is understood to be \$81
a share.

It was stated that Wm. E. Corey,
chairman of the Midvale company,
and his associates had taken over
the option on the majority of Cam-
bria stock held by Wm. H. Donner,
who represents a syndicate of which
Henry C. Frick is a member.
The total outstanding Cambria
stock amounts to 450,000 shares and

it is believed that the deal involv-
ed in the neighborhood of \$20,000-
000.

The announcement follows closely
upon the failure of the negotiations
for a merger of the Cambria Steel
company with the Lackawanna Steel
company and the Youngstown Sheet
and Tube company. The price at
which Cambria stock was to have
gone into this merger was reported
to be \$80 a share.

The Midvale Steel and Ordnance
company was at the time of its or-
ganization several months ago sec-
ond only to the United States Steel
corporation in point of size. The ad-
dition of the Cambria Steel gives it
control of extensive works at John-
stown, Pa., and in the Lake Superior
district.

basse canal and Arras in northern
France and south of the river Som-
me. German army headquarters an-
nounced today.

SALONIKI

**Probably Will Be Next Ob-
jective Point of Teutonic
Allies**

**TROOP MOVEMENTS IN-
DICATE THIS**

**Concentration Of Germans,
Austrians and Bulgarians**

ON THE GREEK FRONTIER

Is Reported From Athens—
Friction Between Ruma-
nia And Central Powers
Increasing And Former
Concentrating Troops—
Russian Pressure Upon
Turks Relieved.

(ASSOCIATED PRESS TELEGRAM)
London, Feb. 7.—While recent re-
ports of the actual opening of an of-
fensive movement by the Teutonic
allies against Saloniki appear to have
been premature the cables continue
to bring accounts of various troop
movements held in military quarters
to indicate that such an offensive
probably is not far distant. Athens
despatches today tell of continued
concentration of German, Austrian and
Bulgarian forces on the Greek
frontier, together with the transfer of
heavy artillery southward from Nish.

With such a movement in the
Balkans in prospect, the reports that
come out of Rumania command in-
creasing interest.

Advices from all sources declare
that the friction between Rumania
and the Central Powers has in-
creased and that Rumania, supposed
loyal through the reported threatening
attitude of Germany and Austria has
collected forces close to the Austro-
Hungarian frontier.

There is a paucity of news of ac-
tive operations in any of the war-
fields, probably for the good reason
that few important movements are
now actually in progress. The chief
capitals of the entente allies how-
ever, appear to be impressed with the
idea that an important offensive is
shortly to be begun by the Germans
in the West. The belief, is prompt-
ed, largely, by the military move-
ments noted along the Franco-Belgian
front in recent days, considered
to presage something out of the ordinary.

The latest official bulletin from
Constantinople reports improved con-
ditions from the Turks who appar-
ently have recently been under extreme-
ly severe pressure by the Russians.
Although the Ottoman forces around
Erzerum seemingly having not been
successful in taking an offensive,
they have been able to repulse all
the renewed Russian attacks they de-
clare. No change in the situation in
Mesopotamia is indicated, the British
rearguard army being still stalled on
Tigris, some distance down the river
from Kut-El-Amara, it appears.

REPORT THAT TWO BUCKET SHOP MEN PLEADED GUILTY

(ASSOCIATED PRESS TELEGRAM)
Columbus, Feb. 7.—Telegrams re-
ceived at the office of Harry T. Hall,
superintendent of state banks
brought information today that at
least two of those arrested in the
state's wholesale raid of alleged
bucketshops last Friday had pleaded
guilty.

At Akron, L. A. Freeman, manager
of a place raided in that city, was
fined \$200, and costs after he had
entered a plea of guilty. At Marion,
W. T. Hay also pleading guilty was
fined \$300 and costs.

WEALTHY WIDOW'S DASHING YOUNG HUBBY IN SPOTLIGHT'S GLOW

Left to right: Robert von Schwemm, Jean Harold Edward Saint Cyr, C. O. Woodhouse, Maj. E. G. Pendleton.

The names of these four men are most prominently mentioned in the so-called "exposure," alleging that Jean Harold Edward Saint Cyr, respected in exclusive social circles as the husband of the millionaire widow of "Silent" Smith, is none other than "Jack" Thompson of Waco, Texas, ex-department store clerk. Von Schwemm, who is said to have introduced St. Cyr to the aged but wealthy Mrs. Redfield, his first wife, is it alleged in exposure, none other than "Bob" Swem of Trenton, N. J. C. O. Woodhouse is a crone of both von Schwemm and St. Cyr. Major Pendleton, it is said, introduced St. Cyr to his present wife.

At Word "Guilty," Mrs. Mohr Swooned; It Was Meant for Negroes, "Not Guilty" for Her

(ASSOCIATED PRESS TELEGRAM)
Providence, R. I., Feb. 7.—Mrs.
Elizabeth F. Mohr was acquitted Sat-
urday night by a jury in the superior
court of the charge of having insti-
tuted the murder of her husband, Dr.
C. Franklin Mohr. C. Victor Brown
and Henry H. Spellman, negroes,
who were accused of the actual kill-
ing, were found guilty.

The jury reported at 6:07 Sat-
urday evening, after having been out
since 10:50 in the morning.

Mrs. Mohr swooned while the fore-
man was announcing the verdict. Her
head dropped forward and she was
slipping from her chair when her at-
torneys grasped her and supported
her, while a court officer rushed for
a glass of water.

Is there any other charge against
these defendants?" inquired Justice
Stearns.

"There is, your honor," replied At-
torney General Rice, "but Mrs. Mohr
is on bail on the other charge."

"The defendants Brown and Spell-
man are committed without bail,"
said the court, "and Mrs. Mohr is
discharged from custody on this com-
plaint."

The other charge against Mrs.
Mohr and the two negroes is that
they committed an assault on Miss
Emily Burger, with intent to kill.
Miss Burger was shot while riding
with Dr. Mohr on the night he was
attacked. Brown and Spellman are
accused of actually firing the shots at
Miss Burger, while Mrs. Mohr is
charged with being an accessory be-
fore the fact of the crime.

The first word received from the
jury after it took the case came at
5:25, when it was announced that
further instructions were desired.
Half an hour later the prisoners had
been brought to the courtroom, but
a deputy sheriff informed the judge
that the jury had decided that the
instructions asked for were not need-
ed.

Less than 10 minutes elapsed when
word came that the jury was ready
to report. The jurymen looked tired

and worn as they passed into the
courtroom. After each man had tak-
en his place in the jury box, the clerk
asked the foreman:

"Do you find the defendant, Cecil
Victor Brown, guilty or not guilty?"

As the foreman replied "guilty,"
Mrs. Mohr collapsed. While her coun-
sel were assisting her the clerk con-
tinued:

"Do you find the defendant, Henry
Spellman, guilty or not guilty?"

"Guilty."

"Do you find the defendant, Eliza-
beth F. Mohr, guilty or not guilty?"

"Not guilty."

Mrs. Mohr apparently was in a
stupor when the foreman pronounced
the words "not guilty." She recover-
ed quickly, however. Newspaper
men began to surround her, but were
told by her counsel, John J. Fitzger-
ald, that she was not in any condi-
tion to talk.

"The fight has only begun," was
the comment of William H. Lewis,
counsel for Brown. Mr. Lewis has
taken numerous exceptions during
the trial and said that he might car-
ry the case to the supreme court.

Attorney General Rice declined to
comment on the verdict. He would
not say when the other charge
against Mrs. Mohr would be tried,
if at all.

The trial began January 10 and
the jurors had been kept together all
the time. They went to their respec-
tive homes for the first time in four
weeks after being paid off tonight.

Dr. Mohr, a physician practicing
in this city and Newport, was shot
fatally on the evening of August 31,
1915, as he was sitting in his stalled
automobile in a lonely spot in Bar-
rington.

George W. Heals, the negro chauff-
eur, made a confession in which he
alleged that Mrs. Mohr had agreed to
pay him, Brown and Spellman \$5000
if they would murder her husband.

The police also claimed that the
other two negroes made confessions,
which were subsequently repudiated.
Heals pleaded guilty to manslaughter
and became a witness for the state.

ENGINE CRASHED THROUGH BRIDGE, TRAINMEN DROWN

(ASSOCIATED PRESS TELEGRAM)
Vincennes, Ind., Feb. 7.—Two
engineers were drowned today when
the engine hauling Big Four pas-
senger train No. 43, on the Vincennes
Branch went through a bridge
on the Indiana side of the Wabash
river south of here. The dead:

Frank Lancaster, 60, engineer, of
Mount Carmel, Ills.

Oliver Hazelton, 40, fireman, of
Mt. Carmel, Ills.

Owing to the high water the train
was making the approach to the
bridge at a slow pace. The bridge
gave way as soon as the engine got
on it, but the coupling broke saving
the remainder of the train.

The engine sank completely out of
sight in the water which was within
four feet of the rails.

NO ULTIMATUM GIVEN RUMANIA

ENGLAND DENIES ANY SHIP WAS STRUCK IN RAID

(ASSOCIATED PRESS TELEGRAM)
London, Feb. 7.—The following
official statement was issued here
today:

"A German wireless message to-
day quotes Koelnische Zeitung re-
ports from the Dutch frontier that
on the occasion of the recent air
raid on England H. M. S. Caroline
was struck by a bomb in the Humber
and sunk with great loss of life.
"Neither the Caroline nor any
other of His Majesty's ships nor any
merchant ship, large or small, was
struck by a bomb in the Humber nor
in any other port."

"LOW BROWS" IN
COLLEGE LIKENED
TO "ROUGH-NECKS."

Stanford University, Calif., Feb. 7.
—In Stanford University circles
there was a lively discussion of an
address made to the students last
night by Chancellor David Starr
Jordan, who said:

"There are too many 'low-brows'
in college."

A "low-brow," he explained, was
only one degree removed from a
"rough-neck."

The "low-brow" was too practical
just as the "high-brow" was not
practical enough, he said.

ASK IF A PEACE CONFERENCE CAN BE INAUGURATED

(ASSOCIATED PRESS TELEGRAM)
London, Feb. 7.—Notice of an in-
terpellation on the subject of peace
has been given by deputies Tindha-
ger, and Stroom, Socialist member of
the Swedish parliament says an ex-
change telegraph dispatch from
Copenhagen, Denmark. The in-
quiry is whether through initiative
of Sweden or another Scandinavian
country there can be arranged a

MINING CAMP TERRORIZED BY GENERAL VILLA

(ASSOCIATED PRESS TELEGRAM)
El Paso, Texas, Feb. 7.—Francisco
Villa, Mexican insurgent leader, ter-
rorized the mining camp of Laguna,
Chihuahua, last Monday, and threat-
ened to kill "all Gringos he caught,"
according to Mexican passengers who
arrived here today on the first train
from the south in eight days.

Villa, they said, appeared at the
Pielagos mine at Laguna and ran-
sacked the town, leaving only a very
small supply of corn.

Upon leaving they said, Villa made
the threat against the Americans.

On Wednesday, it was said, Villa
reappeared with 200 followers and
told the laborers to leave, asserting
he did not want any mines owned by
Americans to be operated.

The passengers declared that on
February 3, Pablo Lopez, who is said
to have directed the recent massacre
of eighteen foreigners at Santa Ysabel,
with twenty followers, rode into
Pueblo, a suburb of Chihuahua City,
killed four soldiers, stole a number
of horses and escaped.

fore President Wilson and Secretary
Lansing is described in German
quarters as substituting for the

Russian Dreads Stigma of Murder Accusation; Would Die Protesting Innocence

(ASSOCIATED PRESS TELEGRAM)
Columbus, Feb. 7.—Peter Skrib-
ner, convicted murderer, today fac-
ed the only man in the world who
can save him from death just after
midnight, Friday morning. Governor
Willis, in the death cell at the peni-
tentiary, and with stolid firmness
told him he does not wish interfer-
ence with the sentence.

The governor was puzzled and said
he would ponder the case over night
and announce his decision tomorrow.

Through a Russian interpreter
Governor Willis said to Skribner: "I
am going to leave you. I am the
only man who can save you. I
want to ask you for the last time
whether you want to change your
death sentence to life imprisonment."

The Russian listened carefully
while the interpreter repeated the
question, word by word. Then he
pondered a moment and answered:
"No, I do not want to live here.
God has given me this thing to do. I
am willing to do it."

"Thank you for coming," Skri-
bner added to the interpreter as the

DENIAL

**Flatly Made by Secretary
Lansing of Any New De-
mands on Germany**

**WHEN LUSITANIA MAT-
TER SEEMED SETTLED**

**Speaking Of Dispatches
Coming From Berlin**

THEY ARE UTTERLY FALSE

Says Secretary But Would
Not Go Into Details Or
Discuss Them Further—
Will Hold A Conference
With President Today—
Belief That Matter Prac-
tically Is Closed.

(ASSOCIATED PRESS TELEGRAM)
Washington, Feb. 7.—Secretary
Lansing today flatly denied that
new demands had been made in the
Lusitania case at a time when the
German government considered the
negotiations practically were at an
end. He was speaking of the Berlin
dispatches quoting the references by
Dr. Zimmermann, German under-
secretary of foreign affairs to "new
demands."

"This government," said Secretary
Lansing, "has not increased the de-
mands made in the Lusitania case as
set forth in the notes of May 13th,
June 9th, and July 21st. I doubt if
Dr. Zimmermann ever made the
statement that demands had been
injected, because he must know that
it is utterly false."

Chairman Stone of the Senate for-
eign relations committee said today
after conferences with administra-
tion officials that it was his impres-
sion that the Lusitania case was
"practically settled." He did not go
into details.

Secretary Lansing would not go
into details or discuss Dr. Zimmer-
mann's statement further. When
Dr. Zimmermann's statement was
published in this country, however,
his reference to new demands was
taken to apply to a possible con-
struction on the word "illegal" in
the proposed form of settlement.

The only ground American offi-
cials could find for construing that
as embodying a new demand was the
possibility that it might be consid-
ered applicable not alone to the de-
struction of neutrals on the Lusi-
tania, but also as to the method by
which she was sunk.

Secretary Lansing reported that
he expected to confer with President
Wilson some time during the day.

Secretary Lansing made it known
however that the state department
considered the situation unchanged.

Chairman Stone of the senate for-
eign relations committee said after
talking with administration officials
that his impression was the Lusitania
case was "practically settled." He
did not go into details.

There was no indication whether
the president had definitely decided
whether Germany's latest proposal
was satisfactory or unsatisfactory.

Administration officials let it be
known that a mere choice of words
would not be permitted to stand in
the way of success of the negotia-
tions and that the United States will
not insist on the use of the word
"illegal" or "disavowal" in Ger-
many's acknowledgement that the
sinking of the liner without warning
and the loss of 115 American lives
was wrong.

Inasmuch as the proposal now be-
fore President Wilson and Secretary
Lansing is described in German
quarters

AFTER SIX YEARS OF SUFFERING

Woman Made Well by Lydia E. Pinkham's Vegetable Compound.

Columbus, Ohio.—"I had almost given up. I had been sick for six years with female troubles and nervousness. I had a pain in my right side and could not eat anything without hurting my stomach. I could not drink cold water at all nor eat any kind of raw fruit, nor fresh meat nor chicken. From 173 pounds I went to 118 and would get so weak at times that I fell over. I began to take Lydia E. Pinkham's Vegetable Compound, and ten days later I could eat and it did not hurt my stomach. I have taken the medicine ever since and I feel like a new woman. I now weigh 127 pounds so you can see what it has done for me already. My husband says he knows your medicine has saved my life."

Mrs. J. S. BARLOW, 1624 South 4th St., Columbus, Ohio.

Lydia E. Pinkham's Vegetable Compound contains just the virtues of roots and herbs needed to restore health and strength to the weakened organs of the body. That is why Mrs. Barlow, a chronic invalid, recovered so completely. It pays for women suffering from any female ailments to insist upon having Lydia E. Pinkham's Vegetable Compound.

SEARCH FOR MAN MISSING A WEEK RESUMED TODAY

After having abandoned the search for Edward Hotchkiss, 65, who disappeared from his boarding place a week ago last Saturday, was resumed today when "Slippery" Weakley secured permission from Police Chief Sheridan to use one of the police department boats. A search of the creek bottoms will be made in an effort to locate the body if possible.

Friends of Hotchkiss still believe that he threw himself in the creek and the search is being made on the theory that the body might have been deposited on a sand bar or in drift wood at some point along Racoon creek or the South Fork.

Sons of Hotchkiss who were here last week abandoned the search and returned to Detroit after having dragged the creek in the vicinity of the West Main street bridge.

COUNCIL TO TAKE UP SALARY MATTER AT TONIGHT'S MEET.

The vexing problem of finances in the safety department, will be taken up tonight by the city council when it meets for the first February session. Just what proposition will be put up to council has not been fully determined. The recommendations probably will be made by the safety committee, consisting of Messrs. Alexander, Adams and Curry, and these councilmen have failed to reach a solution which will avoid a cut in salaries or a reduction in police force.

Chairman Alexander of the safety committee said "In all probability a solution will be introduced tonight to straighten out the safety department finances. Whether it will involve a cut in salaries or a reduction of the force has not been determined. It is an urgent problem, one difficult of solution."

Mr. Alexander stated that the report in circulation that one fire station would be closed was without foundation and that this matter had not been considered by the committee.

The council also will receive a report from the safety committee on its recent trip to Elyria to inspect a new system of fire and police telephone. The report may contain a recommendation to install the system here.

A number of other matters of a similar nature will be presented to the council.

W. E. BRIDGE WILL PREACH AT BAPTIST REVIVAL

The meetings which have been in progress at the Baptist church have been well attended, yesterday being a fine day through the various services. The pastor preached in the morning on the topic, "The Christian Sacrifice," and in the evening on "Victorious Manhood." Some thirty or forty voices were in the chorus, assisted by the different instruments. The revival spirit has manifested itself in a very quiet and devotional way; which is in marked contrast to the usual religious excitement attendant upon the average revival campaign. Rev. W. E. Bridge will preach this week on Friday night at least. His sermons are strong presentations of the Bible truth, and he is meeting a warm response in those who hear him. Three special nights are arranged for this week, Tuesday being men's night; Wednesday the "ladies" night, and Friday the Sunday school night. The interest in the services has grown from the first, and a lasting benefit will be secured. The meetings begin each night at 7:15 with a song service by the chorus. Everybody invited to the series.

MINERS

MAY JOIN RAILROAD MEN IN DEMAND FOR A HIGHER WAGE SCALE.

Such a Movement Would Bring About Combined Action of 750,000 Men.

(Associated Press Telegram)
New York, Feb. 7.—Labor leaders here say a movement is under way to bring about concerted action of members of the four great unions of railroad employees and of the United Mine Workers in their demands for increased wages or shorter working days. It is stated that if the plan were put into effect it would bring about combined action of 750,000 men and affect the mining fields of Pennsylvania, Colorado and the South.

The movement is said to have the approval of W. S. Carter, president of the Brotherhood of Locomotive Engineers and Firemen, and of W. G. Lee, president of the Brotherhood of Railroad Trainmen. Representatives of railroad unions are said to have been sent to Mobile to confer with the United Mine Workers of America who are gathering there for a conference with the operators tomorrow. It is reported here that John P. White, president of the United Mine Workers, has disapproved the proposed coalition.

UNION OFFICERS TO SETTLE DISPUTE.
(Associated Press Telegram)
Kansas City, Mo., Feb. 7.—The "root question" "who shall build water tanks on buildings, carpenters or coopers?" which has caused many labor differences throughout the country, was taken up today in a joint conference in Kansas City, Kans. A solution of the problem will be attempted by national officers of the two unions and a representative of the American Federation of Labor.

A. C. Hughes, of Boston, president of the Coopers' Union is here to participate in the conference.

Misery in Back, Headache and Pain in Limbs.

Dear Mr. Editor—For more than a year I suffered with misery in the back, dull headache, pain in the limbs, was somewhat constipated and slept poorly at night until I was about ready to collapse. Seeing an account of the wonderful qualities of "Anuric," prepared by Doctor Pierce, of Buffalo, N. Y., I sent for a box, and before using the whole box I felt and still feel improved. My sleep is refreshing, misery reduced, and life is not the drag it was before. I most cheerfully recommend this remedy to sufferers from like ailments.

W. A. ROBERTS, Harris Station, Ohio.

NOTE: You've all undoubtedly heard of the famous Dr. Pierce and his well-known medicines. Well, this prescription is one that has been successfully used for many years by the physicians and specialists of Dr. Pierce's Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for kidney complaints, and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine, and urinary troubles.

Up to this time, "Anuric" has not been on sale to the public, but by the persuasion of many patients and the increased demand for this wonderful healing Tablet, Dr. Pierce has finally decided to put it into the drug stores of this country within immediate reach of all sufferers.

I know of one or two leading druggists in town who have managed to procure a supply of "Anuric" for their anxious customers in and around this locality. If not obtainable send one dime by mail to Dr. Pierce for trial package or 50 cents for full treatment.

POLICEMAN HAS TROUBLE WITH A FORMER OFFICER

Former Patrolman Adolph Heck, arrested Saturday night on a charge of being drunk and disorderly and resisting an officer, was arraigned in police court this morning. Heck pleaded guilty to the first charge and was fined \$5 and costs. The second offense will be aired in police court Tuesday morning.

About 8:30 Saturday evening a call was sent into the patrol station asking that an officer be sent to a business place on the square where a man was creating a disturbance. Officer T. H. Stewart was detailed to make the arrest. Going through the alley north of the patrol station, Stewart encountered Heck running, closely pursued by several men.

"There's your man, officer," some one cried, and Stewart called to Heck to halt. Heck brought up short in his running and is said to have hurled vile epithets at the officer, informing the latter that he could not place him under arrest.

Then according to Stewart, Heck struck him. The officer, according to witnesses, drew his club and fought in self defense. A Greek, employed in a nearby shining parlor, took a hand in the fracas, kicking Officer Stewart in the lower part of the abdomen.

After a warm session lasting several minutes, both men were placed under arrest, but later the Greek escaped from the patrol wagon, while the officers were giving their report to Stewart.

The attitude of the police department is that Officer Stewart was justified in using his club, in that Heck having been a member of the department, knew the law and was aware that when placed under arrest that he should accompany the officer.

Officer Stewart was so badly injured by the Greek that he was sent to his home. He was reported to be better today.

VESPER SERVICES HONORING PIONEERS HELD AT Y. W. C. A.

The Y. W. C. A. held special vesper services on Sunday afternoon honoring the pioneers of the Association, and the service was held in connection with the jubilee anniversary which is being held in the country.

The meeting was held in the Plymouth Congregational church and Miss Madge Lindsay read a story of the early association work among the city girls. Mrs. Lindsay was quaintly gowned in a costume of 1866. Miss Thora McDonough wearing a South Indian costume told of the foreign association work. Miss Mary Van Horn read letters from Miss Mary Fulton of the first organizational chairman of the local association and Miss Hazel Pettingill, the first general secretary. Mrs. J. R. McLean, one of the matrons of the former Business Girls' Club and Mrs. Mary Miller, probation officer, told of the merging of the Business Girls' Club with the Y. W. C. A.

Miss Ruth Ditter had charge of the special music for the meeting and after the reading of the 23rd Psalm, the services concluded with the singing of "Bless be the Tie that Binds."

PAINT COMPANY HAS NEW QUARTERS BUSINESS GROWS

(Columbus Sunday Dispatch.)
The Armetta Paint & Color Co., which for the past five years has been located at 44 East Chestnut street, Columbus, conducting both a wholesale and retail business, has removed to new quarters at 60-62 East Church street. The building into which the company moves has been constructed especially to meet the demands of this company.

It is not only a fireproof building, but it is also equipped with an automatic sprinkling system as an added guarantee against fire. In it there are 22,000 feet of floor space. The company has been very successful in Columbus, much of which success it attributes to the liberal use of newspaper space. It manufactures both paint and wood finishes. In the latter field, especially in the branch relating to finishes for furniture manufacturers, it is as well known as any concern in the country. Last year the company sold in the city of Columbus 182,500 gallons of paint and wood finishing products—an average of 500 gallons a day, and enough to keep 250 painters busy eight hours a day for 365 days.

The store is managed by R. S. McKay, formerly of Newark. Lowell B. Dana is city sales manager.

MRS. JENNIE SMITH, THE RAILROAD EVANGELIST AT PLYMOUTH CHURCH.

Miss Jennie Smith, National Railroad Evangelist, will deliver an address in Plymouth Congregational church tonight at 8:30 o'clock. Miss Smith is one of the most successful workers in her chosen field and it is hoped that the citizens of Newark, especially the railroad people, will turn out to hear her, in large numbers. Some people ask, what brings the people together with such enthusiasm? It is probably due to Miss Smith's time-honored friendship with all railroad people. Miss Smith will say: "I am not a preacher." Yet she has excellent results and results speak for themselves. Parents, children, young men and young women should all hear her. The pastor will speak every night this week, inviting friends to unite with the church.

DOCTORS

AND PUBLIC HEALTH OFFICIALS MEETING IN ANNUAL CONGRESS.

Four Organizations Will Hold Separate Meetings, But There Will Be Several Joint Sessions.

(Associated Press Telegram)
Chicago, Feb. 7.—Hundreds of physicians and surgeons and public health officials and leaders in medical instruction are here today for the annual congress on medical education, public health and medical licensure.

The gathering, which began today and will last through tomorrow, is made up of representatives of the federation of state medical boards of the United States; association of American medical colleges and the councils on medical education and on health and public instruction of the American Medical Association.

Each of the four organizations is to hold its own meetings but there also will be several joint gatherings. The federation of state medical boards will play a prominent part as much of the program for this year's congress calls for consideration of the tests which should be enforced to insure a high standard of professional efficiency among practitioners.

UNITED STATES COMMERCE CHAMBER CONVENTION TODAY

(Associated Press Telegram)
Washington, Feb. 7.—Delegates representing 700 commercial bodies in all parts of the country, gathered here today for the opening tomorrow of the fourth annual meeting of the chamber of commerce of the United States.

A meeting of the national councilors of the chamber was held today to revise and approve the program of subjects to be discussed during the three days convention.

National defense is expected to feature the discussions. The concluding session and annual banquet Thursday will be given over almost entirely to addresses on preparedness.

President Wilson, Secretaries Garrison and Daniels and others will speak.

The administration's legislative program particularly national preparedness and the Lusitania case, gave promise today of occupying much of President Wilson's attention during the week.

The president has engagements to confer with many senators and representatives in furtherance of efforts to expedite the work of congress on the army and navy bills.

RELEASE

OF FIVE TERRE HAUTE ELECTION CONSPIRATORS FROM FEDERAL PRISON TODAY

Donn M. Roberts, Former Mayor and Eleven Others Still in Leavenworth—Nine Are Now Out.

(Associated Press Telegram)
Leavenworth, Kan., Feb. 7.—With the release from the United States penitentiary here today of Alexander Accell, former street inspector of Terre Haute, Ind., Edward Holler, former chief of police, Charles Houghton, city hall custodian, Jos. O'Hara and George Sovern, nine of the men convicted in the election conspiracy cases will have satisfied the government for their offenses. Four of the offenders were paroled on December 21. Twelve remain in prison.

Accell, Holler, Houghton, O'Hara and Sovern were sentenced to one year and a day each. With sixteen other men convicted in the same cases they came here on April 19, 1915. The five have served full time with the usual allowance off for good behavior.

On December 21, following recommendations of the Federal Parole Board, the department of justice ordered Arthur Gillis, John Masselink, Joseph Strauss and Maurice Walsh released on parole. The men left the penitentiary the next day. It is understood the board at that time also recommended that Accell, Holler, Houghton, O'Hara and Sovern be paroled but the suggestion was rejected by the attorney general.

The men who remain in prison and their sentences are: Donn M. Roberts, former mayor, six years; Dennis Shea, former sheriff, five years; Eli H. Redman, former judge circuit court, five years; Edward Driscoll, former assistant city engineer, three years; George Ehrenhardt, former member of the board of public works, three years; Harry Montgomery, former president of the board of works, three years; Thomas Smith, former city judge, three years; William Crockett, Milton Redman, Elmer Talbott, John Green and Charles Houghton, for short terms.

Elk Minstrel This Year Will Be Best Ever Staged By the Local Organization

NELSON MERTZ,
In the "Movies."

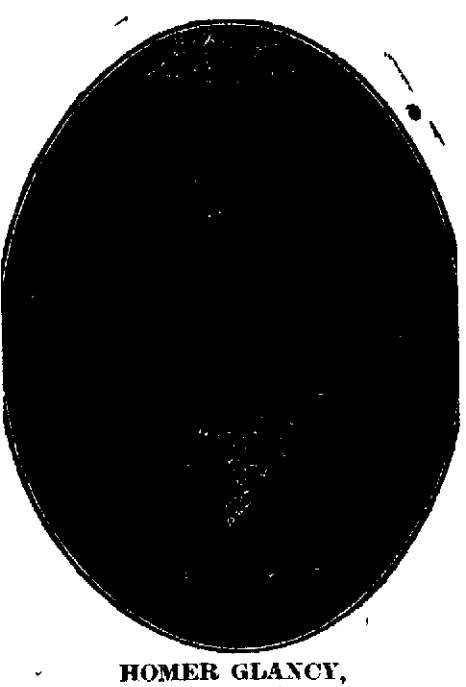

RAY WINTERMUTE,
In Elk Minstrel.

An orchestra rehearsal for the Elk minstrel held yesterday developed the fact that the big show is ready to stage at any time. The chorus this year will be a revelation. Directed by Mr. H. O. Stanton of Zanesville, the singers are in splendid form and it will be a musical treat to all in attendance. A great deal of praise is also accorded Mrs. Alta Fields, the well-known pianist, and leader of the Fields orchestra. She has been a wonderful help to director Stanton, the singers and to all participants. Mrs. Fields has organized the orchestra for the minstrel and it will consist of twelve well-known local union musicians. Their playing will be one of the enjoyable features.

The management requests that every one be in their seat at 8:10 on the night of the minstrel as it will be absolutely necessary that no one be seated after that time. It will be just as convenient to be on time as to be five or ten minutes late. Ropes will be stretched across the entrances to the aisles at 8:15 and any one arriving after that time will have to stand in the foyer until the curtain drops before they will be shown their seats. This is absolutely required on account of the arrangement for the first part and is also due those who come early and do not wish to be disturbed.

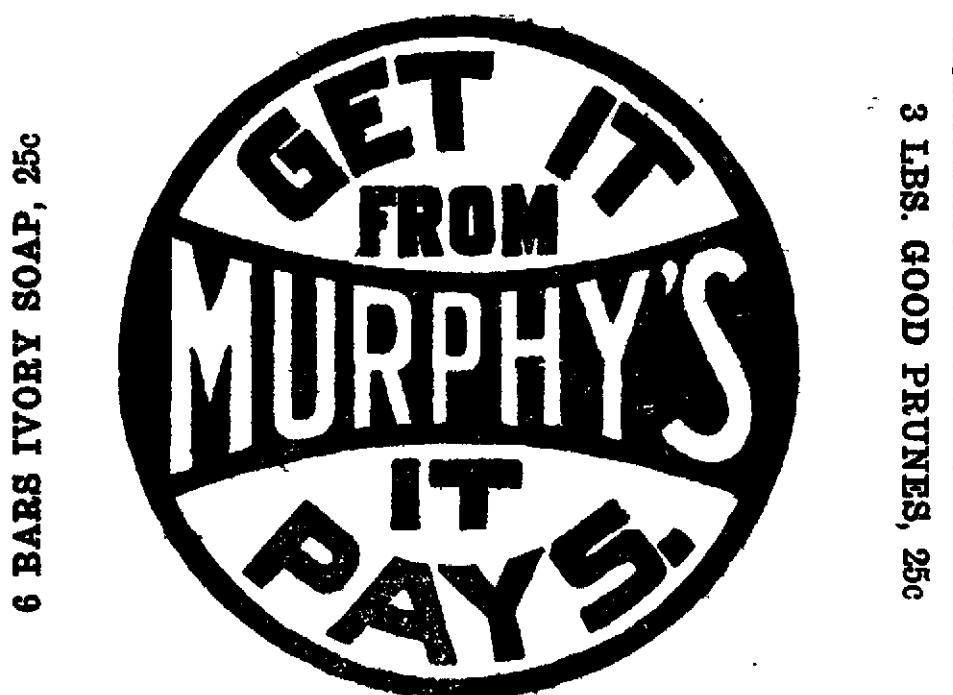

After the rendition of the medley, the welcoming of the carnival revelers by Interlocutor H. D. Hale and the entrance of the fun makers, Mr. Bernie Wingerter will sing "I Wasn't

DISMISS SUIT ARISING FROM BASEBALL WAR

FEDERAL LEAGUE MAGNATES FILED IT A YEAR AGO UNDER ANTI-TRUST LAW.

Against Organized Baseball—Motion to Dismiss Made by Federal League's Attorney.

(ASSOCIATED PRESS TELEGRAM)

Chicago, Feb. 7.—The suit of the Federal league against organized baseball filed a year ago under the anti-trust act was dismissed today by Judge K. M. Landis in the United States district court.

The withdrawal of the Federal league suit was the work of only a few minutes. After entering the order of dismissal without prejudice, Judge Landis said that a careful review of all the evidence and the various arguments of both sides had failed to impugn the honor of baseball or of any individual player.

The motion for withdrawal was presented by Attorney S. L. Swartz of St. Louis, representing the Federal league and was concurred in by Attorney Harry E. Webber, representing George W. Miller, counsel for organized baseball.

Mr. Webber presented to the court official notices from all the defendants to the suit consenting to the withdrawal.

Fears that objection to the withdrawal would be entered by the Baltimore club of the Federal league proved groundless when Stuart S. Fanney, counsel for the Baltimore Federals entered his appearance in the case but interposed no objection to the dismissal of the proceedings.

The show will close with the one-act movie playlet, "The Plans of Lost Run Mine, or Villany Defeated," staged by Messrs. Nelson Metz, Paul Morrison and Homer Glancy. This picture is a thriller and will make a hit.

The big street parade will take place at noon on Monday, Feb. 14. It will be headed by the famous Buckeye Band of twenty-five pieces, led by Drum-Major Robert Dold in full regalia. Don't miss it.

The reserved seats go on sale Thursday morning at 9 o'clock. If you are not in line early enough to secure choice seats for the opening night, get them for Tuesday night, as the show will be just as good with the rough edges wore off.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become over-worked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacist; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is expensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

THE AMERICAN TOBACCO COMPANY

Readers' Viewpoint

Editor of the Advocate:
I read the item in Friday's paper in regard to the reorganization of Co. G wish exemption from strike duty with some amusement. Why not enlist in United States army with exemption from fighting against Mexico or Japan or being sent to Alaska or Philippines. It seems to me that our patriotism is getting very low.

Do we want rioting and disorder to run this state of ours, wanting the state to furnish supplies pay camp expenses, and are we not in favor of protecting our beloved state against such mobs as we had at Youngstown a short time ago.

Should we be ashamed to put a stop to rioting with loss of life and property? It has been said that State Militia is against organized labor. Not so! I have belonged to both. Labor unions are not in favor of mob violence and urge their members to be peaceable.

But it is chronic loafing and liquor that is responsible for most trouble. Note if you please the names of men indicted at Youngstown. Are they true Americans? If the militia wants to be exempted, who will be the Constabulary and how would they be classed?

Why should any Co. organized under the head of state militia and maintained equipment, etc. by Uncle Same be exempted from the duties of state militia if needed. Why not private Co. and pay all their own expenses? Where is our American patriotism.

Tender Teeth—the first sign of Pyorrhea

When you brush your teeth, does it feel as though you were brushing against the quick? Do the gums sometimes bleed? This is because pyorrhea has caused the gums to pull away from your teeth, leaving the unenamelled surfaces unprotected.

Your dentist will tell you, if you ask him, that you have gum recession, and that gum recession is caused by pyorrhea.

Unchecked, pyorrhea will warp and shrink and deform the gums. It will break down the bony structure into which the teeth are set—and you will eventually lose them.

To save your teeth you will have to begin to fight this dread disease at once.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your teeth against the attack or further progress of pyorrhea.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today; or send 4c in stamps or coin for sample tube and folder. Address The Senreco Remedies Company 503 Union Central Building, Cincinnati, Ohio.

ESTABLISHED IN 1820

Entered as Second Class Matter March 10, 1882, at the postoffice at Newark, Ohio, under Act of March 4, 1879.

It is difficult for a student who makes the ball team to worry much about his failure to pass midyear examinations.

This is a world of anxious solicitude, and some worry about the Germans, and others about the Germans.

People who criticize the young folks for staying up late nights should remember how stale, flat and unprofitable the hours before 1 a. m. really are.

The minstrel show jokes may be old, but if so they don't have to be explained. Those in the coming Newark Elks Minstrel are not old and the points are easily perceived.

The tendency of Dusty Rhodes, Wandering Willie, and others of their class to keep away from the North at this time of the year is probably due not so much to the rigors of the climate as to the danger that they might have to shovel snow.

Classified Advertising.

Comparatively few business men realize how they might profit by making use of classified newspaper advertising. These little columns are read more thoroughly than anything else in the paper. Every one is interested to know what other people are offering for sale, what people want help and what people are looking for situations.

Classified advertising is a genuine department of news events, reflecting the daily life of the people, their desires to sell and buy.

Classified advertising is the means by which the farmer in the outside districts reaches consumers in the town who will pay better prices than he can get at the stores. It is the means by which the merchant can reach the outlying country. It is the efficient promoter of all kinds of business relations, at the cost of a few small coins.

Problems Of Retail Trade.

The development of a force of salespeople, capable of rendering intelligent and competent service to the public, is perhaps the biggest problem the merchant has to deal with. It exists just the same in a store having but one or two clerks as in the bigger establishment. Every one of these concerns is a business school, in which constant training in good salesmanship is proceeding. As a result there is no place where the public gets a more intelligent and helpful service than in a town of the type of this.

To be a good clerk requires something more than ability to add up a column of figures or quote prices. The clerk must be intelligently informed about the various lines of goods that he is handling. He should read trade papers and keep his eyes open in the newspapers to get helpful information about his line.

The intelligent clerk gives a dependable impression as to what kind of goods are most durable and most satisfactory. He can also tell what kind of material is best suited to the

relations can never be what they should be for the faith of the great Republic will be under suspicion. The treaty of reparation to Colombia was reported out by the Senate Committee yesterday by a vote of 8 to 7. The compensation is reduced from \$25,000,000 to \$15,000,000, and the expressions of regret are made mutual. It is rumored in Washington that the treaty cannot command the necessary two-thirds vote, largely because of political conditions in the Senate. Be that as it may, this matter must be settled soon or late, and if the Senate is unwilling that the United States should voluntarily render justice to Colombia, the controversy should be submitted to arbitration with as little delay as possible.

It could be wiser if the record were not subjected to the cold scrutiny of a high international tribunal, for there is no more pleasant chapter in the diplomatic history of the United States. But it is essential to the honor of the nation and our permanent friendship with Latin America that we make reparation to Colombia for a wrong that a great and powerful nation wrought to one that was weak and defenseless, whatever be the process by which reparation is made.

Trade Openings in India.

(Christian Science Monitor.) Nothing indicates the economic condition of a country more effectively than a careful study of trade returns. In the trade return especially when spread over a number of years, the increase or otherwise of the spending power of the people may be seen, and in what directions they are spending their money.

It is this reason, amongst others, which renders the figures relating to the imports of India for the last ten years, recently published by the government so interesting. Broadly speaking they show that, during the last ten years, India has practically doubled her trading capacity. In 1903-04 the imports were valued at \$61,728,000; by 1913-14 the had risen to \$122,167,000. During the same period exports advanced from \$99,755,000 to \$162,923,000. Further statistics go to show that the normal needs of the great empire are advancing by leaps and bounds, and that goods of outside origin are in ever greater demand by all classes. One of the great opportunities in India today lies with the manufacturer of those small and cheap things which the great mass of the people are learning to use in their daily life and business. Before the outbreak of war these needs were being very largely met in Germany; the German manufacturer was able, without difficulty, to supply in large quantities just the things at just the price India needed.

Since the outbreak of war, and the consequent discontinuance of German trade, the German trade has largely been supplanted by the Japanese. With such energy has the Japanese merchant pressed his advantage that, several months ago, we drew attention to the fact that there was a large movement in India to enable India to manufacture these articles for herself. This is already to a large extent being done, but the field is almost limitless, and it may be said that there are great openings for enterprise in this direction. This particular line of business is, however, only one amongst many, and not even the most important. India is demanding agricultural implements in very large quantities, also machinery, such as locomotives, gas and oil motors, engines, railway coaches, mining machinery, boilers, sewing machines, typewriters, machine tools, electric machinery, and indeed instruments of all kinds.

As the government reports points out, however, the mere knowing of the market is not sufficient, and every bit of practical knowledge on such conditions is of value. It is, moreover, justly set forth that India is not so much a country as a continent, and that the conditions of trade of Bombay, for instance, are entirely different from those at Calcutta. The conclusion to be drawn from the report would, therefore, seem to be that whilst the trade openings in India are excellent, the success of the trader will be largely in proportion to his ability to acquaint himself with and to adapt himself to local conditions.

Rippling Rhymes

Just as Good.

You write a book that makes a hit; it's full of happy phrases; and readers all refuse to quit a-singing of its praises. The novel fan your volume buys, wherever he can strike it; and then the Just As Gooders rise, and write some books "just like it." The country's inundated with your type of sparkling story; and Jones and Brown and Hink and Smith are borrowing your glory. The Just As Gooders lies in wait for all who gain attention, and all their curves he'll emulate, with gall too fierce to mention. If you invent a garden gate, that has all others beaten, the Just As Gooder makes its mate before his grub he's eaten. If you turn out a type of pome, you have the same old trouble; the Just As Gooder rushes home, in haste to write its double. If you've a cold—such ailments rise, at divers times, and curse one—the Just As Gooder sits and lies, and says he has a worse one. The Just As Gooder trails along, like doom, behind his betters, and makes a mess of Art and Song, Mechanics, Commerce, Letters.

WALT MASON.

Misunderstood Her. "Harold," says his prim, maiden aunt, who is luncheon with him during her visit to the great city, "do you think a lady should smoke cigarettes in a public dining-room?" "Why, I humbly beg your pardon," stammers Harold, nervously beckoning to a waiter. "I'll order a package for you right away, aunty."—Judge.

The average Government salary in Washington is \$1,979 a year.

Fish Lines Sixty Miles Long.

The most of the halibut are caught with the hook and line. The fishing, however, has nothing gamy or sporting about it. The lines are dropped down into the sea in such a way that the baited hooks rest on the bed of the ocean. The lines are of great length. Some of them are sixty miles long; when loaded with fish it takes the steam engine on the vessel the better part of a day to wind them up. They are divided into sections, each section having a float or buoy that rests on the surface, and is marked by a flag in the day time and at night by a light. The line lies right on the bed of the sea. Attached to it are hundreds of hooks and each hook is baited. The halibut swallows the bait and is caught on the hook and held there until the line is drawn up. These fish always feed on or close to the bed of the ocean.—The Christian Herald.

The First Umbrella.

When Jonas Hanway of London, appeared on the streets of London at the beginning of the eighteenth century, with an umbrella he had constructed to keep off the rain, he became a subject for much discussion and ridicule. After he had used it for thirty years, however, the umbrella came into general use as an article of great utility. Umbrellas are as old as recorded history. Sculptured representations of them are frequently found in the records of the earliest times when Nineveh and Persepolis were flourishing cities. They were always used by women, never by men.—People's Home Journal for February.

Lucky for Nebraska.

Fortunately, several presidential primary states come to law before Nebraska does, and will, therefore permit Nebraska Republicans to watch the speed of the horses entered before laying wagers on the results in this state.—Omaha Bee.

A "Big Business" View.

If it were not for the war, big financial interests would prefer Roosevelt to Wilson. They would feel the government would be safer in hands of Roosevelt, who takes advice of some men than of Wilson, who never takes anybody's advice. Roosevelt makes a good deal of noise about big business for political effect, but when it comes to definite action can usually be depended on to conserve the best interests of business. When the panic of 1907 was on, he was flabbergasted. He called the best financial brains to his assistance. He said to J. Pierpont Morgan, "Here's the United States treasury; take it; do anything to stop this panic." And Morgan stopped it. Wilson would have taken no one's advice, and probably have committed many blunders.—C. W. Barron in Boston Post.

Pointed Observations

Various senators may seek to placate the German vote with high-faluting speeches in favor of an embargo on munitions of war, but there will be no overturning of the established policies of the United States Government.—New York World.

Times have changed since the "pork barrel" was good-naturedly regarded as a sort of necessary evil.—Washington Star.

Prof. Taft may yet be distinguished in that he is the only prominent American of his time who has never called "colonel."—Chicago News.

Strawboard case or no strawboard case, Harney Peak or no Harney Peak, Bar Association or no Bar Association, we feel that the nomination of Brandeis to the Supreme court bench gives Mr. Sammy Undermyer a perfectly valid right to feel sore.—New York Sun.

Every now and then, as in the case of Great Britain's action on the latest blockade proposal, there comes a belated recognition of the fact that the neutral nations are still on the map.—Chicago Herald.

If Prince Biele Frederick is to be King of Serbia, as the Kaiser is rumored to have decreed, he will go into office after preliminaries of carnage which make the circumstances of the accession of Peter Karageorgevitch seem quite humane.—Springfield Republican.

"I would be ashamed if I did not learn something in 14 months," says President Wilson. Colonel Roosevelt would be ashamed if he had to wait 14 months before knowing it all.—Kansas City Journal.

HARMON

FAVORS PREPAREDNESS AND WRITES CONCISE LETTER TO REPRESENTATIVE.

Who Reads it to the House of Representatives by Special Permission and Courtesy.

Washington, February 7.—The house Friday heard a concise preachment on preparedness by former Governor Judson Harmon, of Ohio. Representative Allen, of Ohio, requested the courtesy of five minutes and had the following letter read:

"Friend Allen: I hope the opposition to preparedness is subsiding. The more I think of it the more indignant I become that anybody with pretensions to the rank of patriot should oppose the president's policies in this respect.

"I have been reading for the third time in my life Gibbon's 'Decline and Fall of the Roman Empire.' The other night I came to the fall of Constantinople before Mohammed II—the wiping out of the Eastern empire. I was struck by the part that wealth and unpreparedness, together, played in it. When Constantine asked the people for contributions for defense, Gibbon says they preferred to keep their hands for the Turks, who took it all, rather than give a part of it to defend the country. And when the emperor sent men all over the city to take a list of citizens who were capable to serve as defenders, he found only between 4000 and 5000 out of the great population of the city.

"As you will recall, these few, with Constantine at their head, showed great courage and perished at last before the vast numbers of the Turks; but this fact will never redeem the people from the reproach which will stay in their memory to the end of time—that they folded their hands, closed their purses, shut their eyes and dreamed of peace when the danger of war was written across the sky; very truly yours, 'JUDSON HARMON.'

When Will Newark People Learn the Importance of It?

Backache is only a simple thing at first.
But if you find 'tis from the kidneys.
That serious kidney troubles may follow.
That dropsy or Bright's disease may be the fatal end.
You will be glad to know the following experience.
'Tis the statement of a Newark citizen:

Mrs. Helen A. Deenis, 50 German St., Newark says: "I suffered dreadfully from pains across my back and I had rheumatic twinges in my limbs. My feet and hands became swollen, I had dizzy spells and it was hard for me to keep on my feet. The kidney secretions were unnatural. Several doctors gave me medicine, but I wasn't helped. Finally I used Doan's Kidney Pills and two boxes permanently cured me: I am now in good health; my back is stronger and my kidneys are normal."

Society

The North Franklin Missionary Society of St. John's Lutheran church held their monthly meeting at the home of Mrs. D. E. Duthmer on the Linville Pike Thursday afternoon, Feb. 3. The opening service was read by the president, Mrs. J. L. Watson. Prayer by Mrs. H. L. Greenwalt. Hymn, "In Thy Cleft O Rock of Ages." The literary program was in charge of Miss Hazel Taylor, which was as follows: "The Drinking House Over the Way," Mrs. Barton Evers. "The Kept's Daughter," Mrs. F. H. Wilkin. Duet, "The Perfect Day," Mrs. Bert Watson and Helen Watson. "The Kind Unkind Word," Mrs. Debert. Duet, "I Shall Have Glory," Mrs. D. E. Duthmer and L. R. Drumm. "Unending Love," Mrs. H. L. Greenwalt. "Watchman Tell Us of the Night," On account of sickness some who were on the program were absent. The meeting closed with the Lord's prayer after which a dainty lunch was served by the hostess. The next meeting will be held at the home of Mrs. F. C. Osborn, Thursday, March 2.

Mrs. Mary Mortley Hayes was hostess to the members of the Research club when she entertained at her home in Clinton street on Saturday afternoon. The following program was given:

Roll Call, Kipling—Miss Amelia Owen. Life of Kipling—Miss Amelia Owen. Reading—Miss Cora B. Haughey. Reading—Mrs. Theodore Taylor. Critic—Miss Grace Gorbey. The only guest of the club was Mrs. Mortley of Colchester.

The Review Club was entertained at the home of Mrs. W. B. Nye corner of Pine and Mahom street on Saturday afternoon and the following program was taken from the calendar:

A Trip to Chile; Santiago—Mrs. Florence S. Barnes. Cruising Along the West Coast; The Nitrate Deserts—Miss Alice Ashbrook.

It had been planned by the club to celebrate the twenty-fifth anniversary of the organization of "The Review Club" on Saturday, February 13, but owing to so much illness the celebration was postponed until the close of the club year and there will be no meeting held next Saturday.

A birthday surprise party was given on Miss Celia Bush at her home in 79 Neil avenue. Friday evening, the occasion being her twentieth birthday anniversary. The following were the guests: Misses Mary Gallogly, Emma Boggs, Nellie Smith, Mattie Denoon, Irene Coke, Mrs. Hilda Montross, Messrs. Earl Lake, Clark Haynes, Don Wright, A. E. Montross, Virgil Montross, Luke Minehart and Porter Pouts.

Runnels—Wright. Saturday afternoon at his home on North Fifth street, Dr. L. C. Sparks solemnized the marriage of Mr. Charles W. Runnels and Miss Bessie B. W. Wright, young people residing near Johnstown. At the conclusion of the ceremony they returned to the bride's home and will soon go to housekeeping in that vicinity.

Fifty years have marked the day since Mr. and Mrs. Andrew Hiatt, pledged their marriage vows and on Tuesday, Feb. 8, they will celebrate the event at their home 144 South Webb street.

Mr. and Mrs. Hiatt were married in Newark and have always resided here. Mr. Hiatt was employed by the B. & O. railroad company for a number of years as brakeman and was later promoted to conductor in which capacity he served until owing to his advanced years he was placed on the pension list of the company and retired. Mr. Hiatt is aged 77 years while his wife is aged 77 years. Mr. Hiatt is an old soldier and a member of the Red Men. On Tuesday their golden wedding anniversary will be celebrated in an informal way, and a family dinner will be served. The appointments will be in yellow in keeping with the anniversary. Mr. and Mrs. Hiatt have three children, Mr. William Hiatt of South Fourth street, Mrs. Anna Devoll of the home and Mrs. F. O. Brown.

Bulcher—Loyd. Mr. R. Carlisle Bulcher and Miss Edith Loyd, both of near Homer, were united in marriage in Mt. Vernon, Tuesday afternoon, Rev. E. V. Whitaker officiating. A wedding supper was served at 6 o'clock at the home of the bride's aunt, Mrs. D. H. Baker, of West Gambier street.

BE PREPARED TO FIGHT

Nature is always fighting to keep us well. Under normal conditions the forces of health within our bodies keep the disease germs in subjection. They are not expelled entirely but they are kept harmless.

Some indiscretion in diet and the digestion is upset; overwork or worry perhaps disturbs the nervous system, the blood gets thin and the ever-present disease germs assert themselves. The blood fights the body's battles. Whenever a wound is received, whenever there is infection or inflammation, it is to point the blood quickly to the elements needed for repair if it has them. But when the blood is thin and watery it lacks these elements itself.

Dr. Williams' Pink Pills are a tonic that supplies the blood with the elements needed to build up the tissues, to repair waste, to revitalize nerves, to stimulate digestive action, to burn up the poisons in the blood. In this way, by building up the blood, they are useful in rheumatism, neuralgia, sciatica, lumbago, neurasthenia, nervousness, "Vitus" dance, and in anemic conditions. "Building Up the Blood" tells all about the treatment. Send for a copy today to Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

BRAVES DANGERS OF THE WAR ZONE

Mrs. Eleanor Franklin Egan.

Mrs. Eleanor Franklin Egan, war correspondent for an eastern magazine, has just returned from the war zone. She was in Serbia during the German drive, and later was imprisoned for five days by the Turks. She had several narrow escapes from death.

The Courts

In Common Pleas.

In common pleas court on Monday the court and a jury were engaged in the trial of the case of the state of Ohio vs. Curtis Elmer John. The state charges that the defendant failed and neglected to support his minor children. The defendant pled not guilty, and defends against the charge through his attorney, J. F. Lingafelter.

Henry M. Jones vs. Elmer Roberts: Order of partition entered. Commissioners appointed: J. F. Moore, E. J. Dorsey and H. D. Woodbridge.

J. H. Auferheide vs. W. A. Billingsley: Decree for plaintiff. The suit was brought to foreclose a chattel mortgage.

Johnstown bank vs. Fred Miller et al.: A suit upon a promissory note, upon which a verdict was rendered for plaintiff: Motion for a new trial overruled.

Josephine N. Fulton vs. Newark Telephone Co., judgment of settlement.

Damage Case.

William E. Barrington has filed a petition in common pleas court against the city of Newark in which he asks that damages to the extent of \$350 be awarded to him, alleging that defendant is responsible for water backing up on plaintiff's land in Tallmadge Place addition. The petition alleges that the defendant is the owner of land adjoining plaintiff's and had constructed concrete reservoir along which an embankment had been built to a height of ten feet for the purpose of laying a railroad switch; that on account of same from two to three feet of water backed up on plaintiff's land, rendering it practically useless.

Divorce Granted.

In the case of Gertrude Stewart against Asa J. Stewart, a suit for divorce, a decree was granted plaintiff as prayed for in her petition.

Estate Not Liable.

In a decision of the Wood county court of appeals, which has been given to the supreme court reporter, the principle is laid down that an executor is not entitled to charge an estate for the expense of conducting a defense of the will where it is adjudged invalid. The case reverses the common pleas court.

Justice Scott's Court.

Mina Gardner subscribed to an affidavit in Justice Scott's court today charging Arthur Beckham with assault and battery, committed it is alleged on last Friday. Beckham, who resides in the southern part of the city is in prison on a charge filed by the local police.

Cruelty to Animals.

Max Isay and Joe Duncan charged with cruelty to animals by J. P. Harris, an officer of the Licking County Humane society, were brought into Justice F. S. Scott's court today. Isay was released on bond but Duncan was unable to furnish bail and was remanded to jail.

Granville

[Special to The Advocate] Granville, Ohio, February 7.—Registration day of the second semester in Denison is bright and cold and every one seems to feel the cheering effects of the sunshine. There are but few laggards and classes will be resumed tomorrow with a fine attendance. Those of the faculty and among the student body who left town for the week-end are back and ready for work. Prospects are fine for a most successful season.

Granville people were startled from their slumbers at midnight Saturday by the ringing of the fire alarm—the second time in twenty-four hours—when a fire of unknown origin was discovered in the back of W. P. Ullman's store whose windows look into North Prospect street. Two young men were passing and observing the blaze hastened to turn in the alarm. The firemen were soon on the scene and after some difficulty succeeded in extinguishing the blaze—which, if left for only a few moments longer might have proved disastrous, not only to the owner of the store but to the entire business block in which it stands. As it was, the damage to the stock was considerable, not only from the fire itself, but from the water and smoke. The loss, it is understood being covered by insurance. The fire alarm on Friday night was caused by the burning of a little shack down by the railroad, which though making a fine show was of particular value, and the loss negligible.

Sigma Chi fraternity house was the scene of delightful festivities on Saturday evening, February 5, when eleven couples were entertained at dinner in compliment to W. D. Woodward, president of the fraternity, who is leaving this semester for Chicago. This "farewell to Woodward" was one of the most elaborate of the dinners given by this hospitable chapter this year. Besides the chapter those present were: Miss Dittmars, chaperone, Miss Mary Walsh, Miss Margaret Ball, Miss Alice Tiff, Miss Lucille Baumgardner, Miss Genevieve Cathcart, Miss Mary Sanford, Miss Selma Russell, Miss Mary McDonald, Miss Kay Caracci, Miss Mary Elizabeth Fuller.

Mr. and Mrs. W. P. Ullman and Miss Selma Russell were guests of honor at dinner on Saturday at the Sigma Chi house.

Miss Blanche Putnam entertained Miss Baumgardner and Miss Caracci at a week-end house party at her home in West Maple street.

NATURE WILL CURE CONSTIPATION

All the needs is a very little help. Constipation is caused by accumulated waste in the Colon (Large Intestine), which, under our present mode of living, is not entirely removed without little help. The rank poisons in this waste get into the blood circulation, and make us feel depressed, blue, bilious and incompetent—really sick—if allowed to go a little too far. All the help that nature gives us is in the form of a "Bath with Warm Water," supplied by the "J. B. L. Cascade." This is a perfectly natural and rational way, cleans out all the waste and poisons from the Colon and keeps it as sweet, clean and pure by occasional use as Nature demands for a perfectly healthy condition.

So invariably successful has this new and improved method of Internal Bathing proved to be that over 300,000 Americans are now enthusiastically using it to cure Constipation, ward off disease, and keep them bright, vigorous and efficient.

The "J. B. L. Cascade" is now being shown by Hudson Ave. Pharmacy, R. L. Williams, Prop., 322 Hudson ave., cor. Oak st., Newark, Ohio. Call and let us explain how simply it accomplishes these results.

Also ask us for free booklet, "Why Man's Life is Only 50 Percent Sick."

TO TEACH NIPPON THE "BUNNY HUG"

Miss Kiyoko Kachi.

Miss Kiyoko Kachi, nineteen-year-old descendant of one of Tokio's leading families, believes that Japan should have the opportunity to dance the latest American dances. For several months past she has been in San Francisco learning the "bunny hug," the "fox trot" and other similar terpsichorean revolutionizers.

Naming a Town.

An interesting story is told as to the origin of the name "Mooselaw" as applied to a town in Canada. Some fifty years ago, so the story runs, a pioneer, with his team of oxen and "prairie schooner," passing along the banks of the river, was obliged to camp at this point in Saskatchewan on account of an accident to his cart.

A spoke had fallen out during the day, and the wheel was falling apart. He looked about for something to insert for a temporary brace for the wheel, while his wife busied herself with the evening meal.

The pioneer's child, while romping around, found the jawbone of a moose, which she held up to her father, who by this time almost despaired of finding anything with which to repair his cart. He was delighted to find that the jawbone exactly fitted the place of the missing spoke. The Indians there after named this district the "Place Where the White Man Found the Moosejaw." This, it is said, accounts for the town's queer name.—Washington Star.

Obituary

Helen Grace Smith, died at the home of her grandmother Mrs. E. C. Morford, at 6:10 Monday morning. She was born December 18, 1905, and has been sick since Christmas Eve with nervous trouble.

She was a member of the First Presbyterian Sunday school. Those who survive are the mother, Mrs. Grace M. Smith, one brother, E. Lester Smith, the grandmother, Mrs. E. C. Morford. The father, Mr. Matt Smith, theatrical man, resides in Columbus, O.

The funeral will be held at the home, 18 North St. Clair street, Wednesday morning at 10 o'clock, Rev. Calvin Hazlett officiating. Burial in the Wilson cemetery. Services will be private but close friends are invited.

Mrs. Amelia Nevins.

The many friends of Mrs. Amelia Nevins, widow of David Nevins, will be grieved to learn of her passing away at the home of her sister, Mrs. Curtis French at Hunt, N. Y., where she has been visiting for a week.

She is survived by her two sons, Mr. Charles F. Nevins, and Mr. Cyrus G. Nevins, of the home, and one daughter, Mrs. Charles Hedrick, who daughter, Mrs. Charles Hedrick of Chicago Junction, and her sister, Mrs. Trema, who was Miss Sadie Nevins.

Mrs. Nevins resided at 123 South Third street and the body will be brought here and the services will be held at the home, but the arrangements have not been completed.

Mrs. H. L. Loar.

Mrs. E. Edna Loar, wife of H. L. Loar, member of the firm of Regan and Loar, passed away at the City Hospital on Sunday morning at two o'clock. The deceased was thirty-four years of age and is survived by her husband, and three little children, Dorothy, Leonard and Lawrence, also an aunt, Mrs. G. L. Garner of Lansing, Mich., and an uncle, R. F. Tyler of Alexandria.

The death came as a great shock to the many friends of the family who had learned to love Mrs. Loar for her many splendid characteristics, and for the lovable qualities that made her such a dear wife and mother. The family resided at 209 Central avenue.

The funeral services will be held on Tuesday morning at 9 o'clock at St. Francis de Sales church and interment will be made in Mt. Calvary cemetery.

William De France.

William De France, 74 years old, a retired farmer and civil war veteran, died Sunday morning at 3 o'clock at his home in Granville of diseases incident to old age. Mr. De France was born in Washington county, Pa., and came to Licking county more than a half century ago and has since resided here. He was the last of a family of 11 children.

He is survived by his widow and eight children. They are M. A. De France of Hancock street, and William of North Williams street, this city, Fred of Union Station, and Frank of Outville, Mrs. S. A. Laycock of Canonsburg, Pa., Mrs. H. L. Lytle of Erie, Pa., Mrs. William Ackley of Granville and Miss Edna, who lives at home.

Mr. De France served throughout the Civil war in the 135th regiment, O. V. I., and was a member of Lemert post, this city.

Funeral services will be held at the home Wednesday morning at 10 o'clock. Burial at Kirskevill. Friends of the family invited to the funeral services.

Prof. Wm. E. Painter received a telegram yesterday from his uncle David H. Robinson, of Seattle, Wash., telling of the death of his wife, Mrs. Amanda (Gutridge) Robinson, which occurred in that city at 8:15 p. m. Saturday.

Mr. and Mrs. Robinson were both former Licking county people, he being a brother of the late Mrs. Wm. Painter of Robinson Grove Farm, Fallsburg township. They left this county in the early sixties, located in Iowa, Boone county, where they were very successfully engaged in farming for several years. Later they moved to Des Moines, where they lived till three years ago. They since have lived in Seattle, Wash.

Those surviving her are her husband of Seattle, Wash.; two daughters, the youngest living in Seattle, the other in Des Moines, Iowa; two sons, one living near Ames, Iowa, the other in Salt Lake City, and six grandchildren. She has one sister living in St. Louisville, O., Mrs. Isaac Bebout. She was a very estimable woman and greatly loved by all who knew her.

Joseph Murphy.

Joseph Murphy, 49, stone mason, died early Sunday at the home of his sister, Mrs. Samuel Gourley, one and one-half miles south of Newark in the Dog Leg road. Death was due to rheumatism and followed an illness of 18 years. Funeral arrangements have not been made.

He is survived by a son, Carl, of

Why Tolerate Catarrh?

You have noticed, no doubt, that any cold aggravates nasal catarrh, and the flow of mucous amazes you that such objectionable matter could find lodgment in your head. To ignore this catarrh when the cold subsides is wrong because it continues to slowly injure the delicate linings of the nasal passages and clog them up.

To correct catarrh, cleanse the nostrils frequently with a solution of warm water and salt, insert vaseline on retiring, and take a spoonful of Scott's Emulsion after meals for one month. Scott's acts through the blood to feed the tissues, and contains soothing glycerine to check the inflammation and heal the sensitive membranes. Scott's is pleasant to take.

THE DEPENDABLE STORE

In Milady's Boudoir

By Gwen Sears

If your mouth is defective, improve the shape of your lips by avoiding careless habits. Many pretty women are disfigured by careless habits of mouthing their words, of chewing their lips, and of ridiculous contortions while they talk. The real time to train feminine mouths to beauty is in our infancy. Our mothers should have begun the work, and when we reached the age of intelligence, we should have carried it forward.

If the mouth is too large it can be trained to lesser size by tender pinching of the corners. This makes the line at the corners almost indeterminate and diminishes the size. This must be most tenderly and gently done.

Also train the lips to deepen their beauty cleft by pushing the middle portions together with the first fingers. This light pressure, four or five times a day and when you are dressing and undressing, will marvelously refashion the mouth. The lips should be lightly massaged at night just before falling asleep. Do not use glycerine alone on the lips nor on any other surface of the body. It is too drying, has the power to draw moisture from the skin, and that moisture should be replaced by the water with which the glycerine should be mixed.

As to color, the lips should not be too red. The normal lips should be of the same color as the gums, a deep pink or a light red, not blood red, but three shades at least lighter than the arterial blood.

Preserve the color by keeping the bodily health good. If the circulation is defective the lips will be pale. If we become anemic, pallid lips will be one of the first signs of our state. To make them healthy red improve the tone of the system.

Your Boys and Girls

Children think so much more completely than their limited vocabulary allows them to openly express, they seem so with smiling and not always vain imaginings, that they are wont too impetuously to try to crowd a mass of thoughts and experiences into a few words and syllables. This only too often explains their anxious stammering. It is, therefore, of the utmost importance to have children who are thinkers, learn to speak slowly and deliberately without impetuosity.

The impulsive, voluble boy who rushes headlong into the dining room and tries, between gulps of porridge, soup and other dishes, to tell you about the day's doings, is the very child that must be cautioned to hold up, to stop a moment, and to speak very slowly. This is the boy who must learn to take a long, deep breath before he starts to talk. Have him breathe deeply and count ten before he begins his narrative.

WELL KNOWN BOILER MAKER FINDS RELIEF

B. H. YOUNG ENDORSES TANLAC
FOR CATARRH OF STOMACH
AND ATTENDANT EVILS.

"Was in Bad Shape—Often Felt as
Tired at Rising Time As
When I Retired."

Mr. B. S. Young is a well known citizen of Newark, who vouches for the excellence of the master medicine, Tanlac, in catarrh of the stomach. He is on his second bottle and his condition now and before he took Tanlac is such as to convince the most skeptical of Tanlac efficacy in such cases. Mr. Young in speaking of the matter said:

"I had an aggravated case of catarrh of the stomach—suffered from sleeplessness and was restless at night and often felt as tired after awakening in the morning as when I retired at night. Now I feel fine, sleep like a child, am rested and invigorated after a night's rest and ready for a full day's work."

Mr. Young is a boiler maker and resides at 352 Central avenue.

"I had a very stubborn and apparently relentless case of catarrh of the head—catarrh of the mucus membranes, and tried many so-called catarrh remedies without any benefit until I tried Tanlac. From that one bottle helped me very decidedly more than two had convinced me that Tanlac is the thing for those affected as I was and I recommend it to all. Tanlac also is of great benefit in cases of rheumatism, liver and kidney troubles, the after effects of the grippe and pneumonia, and an excellent tonic and system purifier. Tanlac is being demonstrated at Hall's Drug Store by the Tanlac man, and is for sale at Hebron by the Hebron Drug Co., at Granville by W. P. Williams, at Ellettsville by P. H. Richardson and at Asheville by D. H. Squire & Son. (Adv.)

Wall Street
(Associated Press Telegram)
New York, Feb. 7.—A more hopeful feeling regarding the Lusitania controversy was reflected in today's early trading, gains in numerous important stocks ranging from one to over three points. War shares, particularly Baldwin, Locomotive and the rise in oil and other specialties also showing strength. United States Steel's extreme gain of 10 points was a notable factor. New Haven and New York Central featured the rally of material advances. Lackawanna Steel was the only noteworthy exception, making an extreme decline of 5 1/2 to 7 1/2, on abandonment of the merger in which it was to play an important part.

Initial advances were extended in many instances, Baldwin rising 4 1/2 to 117 1/2, with gains of three to five points in Mercantile Marine Preferred, Cuban-American Sugar and oils, the latter being especially active. Reports of the completion of the Mexican Petroleum merger. Stocks made further gains on much higher prices quoted for future deliveries of copper, while Lackawanna Steel recovered much of its loss. Ralls advanced appreciably but profit-taking

and heaviness of Crutcher Steel caused some reactions. The market was accomplished on relatively small dealings, indicating a scarcity of stocks. Bonds were firm.

Specialties, particularly Baldwin and other war issues, as well as oils and Industrial Nickel, were at highest prices in the final hour with some shading elsewhere. The closing was strong.

Minerals, oils and an unusual variety of speculative shares made marked upward progress today to the accomplishment of more favorable domestic and foreign prices.

Chicago Grain
(Associated Press Telegram)
Chicago, Feb. 7.—Free selling by leading houses brought about a material decline today in wheat. Holders seemed to be discouraged by uncertain outlook for export business owing to dangers from German raids on the Atlantic and because of centralizing of foreign government control of European buying. Indications of crop damage in Michigan and Kansas failed to act as an offset. Opening prices which ranged from 1 1/4 lower to 1 1/2 advance were followed by a decided general break and then a moderate rally. First quotations were 1.32 1/2 to 1.33 for May and 1.24 1/2 to 1.25 for July.

Tall of larger receipts of wheat, especially in the northwest, led afterward to a severe break, accompanied by much selling of a stop-loss character. Comparative smallness of crop (increase in the United States visible supply) counted against the bulls. Prices closed weak 3/4 to 5c net lower, with May at 1.27 1/2.

Big receipts here and at Peoria, had a weakening influence on the corn market. Industries were about the only buyers. After opening 1/4@ to 1/2 net, prices underwent a further sag before showing any power to react.

Forecasts of continued heavy arrivals of cars could be heard in the market later in forcing the market still lower. The close was unsettled at 1 1/2 to 1 3/4 net.

Oats gave way with other cereals. Selling was general.

Provisions lacked adequate support. Firmness in the hog market here was apparently ignored.

New York, Feb. 7.—A more hopeful feeling regarding the Lusitania controversy was reflected in today's early trading, gains in numerous important stocks ranging from one to over three points. War shares, particularly Baldwin, Locomotive and the rise in oil and other specialties also showing strength. United States Steel's extreme gain of 10 points was a notable factor. New Haven and New York Central featured the rally of material advances. Lackawanna Steel was the only noteworthy exception, making an extreme decline of 5 1/2 to 7 1/2, on abandonment of the merger in which it was to play an important part.

Initial advances were extended in many instances, Baldwin rising 4 1/2 to 117 1/2, with gains of three to five points in Mercantile Marine Preferred, Cuban-American Sugar and oils, the latter being especially active. Reports of the completion of the Mexican Petroleum merger. Stocks made further gains on much higher prices quoted for future deliveries of copper, while Lackawanna Steel recovered much of its loss. Ralls advanced appreciably but profit-taking

WEALTHY WOMAN'S TRIAL FOR MURDER OF HER SON'S WIFE.

(Associated Press Telegram)
Winters, La. Iowa, Feb. 7.—The case of Mrs. Ida Meyer, 60, a pioneer of Iowa, and reputedly wealthy charged with complicity in the murder of her son's wife, is expected to go on trial here late today.

The wife of Fred Meyer, the defendant's son, was a bride of only a few months when she was found dying in a room in her home, northwest of here one morning last July. A bullet wound was in her head and a revolver by her side. Meyer and his mother claimed the young woman committed suicide but both were arrested. Meyer was convicted of second degree murder in December, was sentenced to fifteen years in the penitentiary but is now at liberty on bond of \$20,000 pending an appeal to the supreme court. His mother last Saturday was refused a change of venue.

GALE BLOWING IN CLEVELAND STOPS TRAFFIC

(Associated Press Telegram)
Cleveland, Feb. 7.—A gale blowing 40 miles an hour carrying clouds of snow with it and bearing in a temperature close to zero delayed trolley and other traffic here today and resulted in the death of A. M. Leach, proofreader, who collapsed after battling his way against the storm trying to reach his office. Several persons were injured and one or two small fires caused. Weather predictions forecasted zero tonight.

Appointed Trustee.
Edward Orton, Jr., a professor in Ohio State University at Columbus, was appointed by the probate court of Wyandot county trustee to carry out the provisions of the will of C. F. Anderson, who met his death some months ago near Black Run, east of the city, when he fell from a Pennsylvania passenger train on which he was a passenger. Anderson had large land interests in Wyandot county.

For the Visitors.
In full view of the crowd in a very busy street two vendors of berries were busy with piles of thin wooden boxes, each scantily filled with immature fruit. Emptying box after box, the vendors deftly punched up one layer of the box bottom to a sharp angle pointed in the middle, propped it there with paper and then refilled the receptacle, taking great care that the finest and freshest looking berries should make a showy top covering.

One of the spectators grew indignant. "How in the world," he demanded, "do you expect to sell your wares when you openly show that they are not what they seem to be?"

"Aw, gwan!" said the vendor addressed. "This is New York, and there are more trains coming with more people."—Everybody.

EVEN CROSS, SICK
CHILDREN LOVE
SYRUP OF FIGS

If feverish, bilious, constipated, give
fruit laxative at once.

Don't scold your fretful, peevish
child. See if tongue is coated; this
is a sure sign its little stomach, liver
and bowels are clogged with sour
waste.

When listless, pale, feverish, full
of cold, breath bad, throat sore,
doesn't eat, sleep or act naturally,
has stomachache, indigestion, diarr-
hoea, give a teaspoonful of "Cal-
ifornia Syrup of Figs," and in a few
hours all the foul waste, the sour
bile and fermenting food passes out
of the bowels and you have a well
and playful child again. Children
love this harmless "fruit laxative,"
and mothers can rest easy after giv-
ing it, because it never fails to make
their little "insides" clean and
sweet.

Keep it handy, Mother! A little
given today saves a sick child to-
morrow, but get the genuine. Ask your
druggist for a 50-cent bottle of "Cal-
ifornia Syrup of Figs," which has
directions for babies, children of all
ages and for grown-ups plainly on
the bottle. Remember there are
counterfeits sold here, so surely look
and see that yours is made by the
"California Fig Syrup Company." Hand
back with contempt any other
fig syrup.

HEPBURN
FORMER CONGRESSMAN FROM
IOWA DIED TODAY AFTER
LONG ILLNESS

As Member of House He Took Part
in Debates on All Important
Legislation.

[ASSOCIATED PRESS TELEGRAM]
Clarinda, Iowa, Feb. 7. — Col.
Wm. P. Hepburn, former member of
congress from this district died here
today after a long illness.

Colonel William P. Hepburn, al-
though twenty years in congress, be-
came best known throughout the
country during the Roosevelt admin-
istration. It was he who framed
what later was called the Hepburn
law, prohibiting rebates and discrim-
ination by railroads. As chairman
of the house committee on inter-
state and foreign commerce in the
first session of the fifty-ninth con-
gress he was the author of three acts
out of five, which the then President
Roosevelt afterward declared would
cause that congress to be memorable
in history because of its constructive
legislation. Of the five acts, four
came from Colonel Hepburn's com-
mittee and three of them—the Hep-
burn law, the pure food act and the
public health act—were framed by
Colonel Hepburn himself.

Mr. Hepburn represented the
eighth Iowa district. He also was
an efficient soldier and a lawyer of
high reputation. He was a product
of the early pioneer days in Iowa
and got what little schooling he had
in three winters at an academy near
Iowa City. He was born in Colum-
bia county, O., November 4, 1833,
removing to Iowa City where his
mother and his step-father took up
their residence on a farm, when he
was eight years of age. After a
brief experience in the schools the
community afforded he got employ-
ment in a printing office where he
worked for four years. Later he
read law at Iowa City and Chicago,
being admitted to the Illinois bar in
1854. He returned to Iowa in 1855,
married Miss Melvina A. Morseman
of Iowa City and settled at Marshall-
town.

When the civil war broke out Col.
Hepburn organized a company and
became its captain. This company
went to the front in February, 1862,
as a part of the Second Iowa Cavalry.
He was soon advanced to the rank
of major and in that position earned
distinction at the battle of Cori-
nth. Not long afterwards he was
placed on the staff of General Sheri-
dan, and in December of the same
year became a lieutenant colonel
and was put in command of the
Second Brigade, Cavalry Division,
Sixteenth Army Corps. He was lat-
er transferred to other commands
and served until the close of the
war.

In 1876 Col. Hepburn moved to
Clarinda, Ind., which had since been
his home, except for a part of the
time when he had resided in Wash-
ington, D. C. He was elected to
Congress in 1880 and twice success-
ively thereafter. During the Har-
rison administration he was so-
licitor of the treasury department,
which position he resigned March 4,
1893 to again enter congress for his
old district. He was an unsuccessful
candidate for United States Senator
in 1888.

MERCURY DROPS
11 DEGREES IN
3 HOURS TODAY

King Winter scored again this
morning when a high wind drove the
mercury toward the bottom of the
tube at a alarming rate of speed.
According to one report the temper-
ature dropped 11 degrees from 6 to
8 o'clock this morning. The lowest
record was 10 degrees above zero at
7:30 this morning.

Instruments downtown indicated
that it was colder at 9 o'clock than
two hours earlier. At 7 the instru-
ment at the Central Fire station re-
corded 16 degrees and at 9 o'clock
the mercury had dropped to 12 de-
grees.

The Columbus weather bureau
predicts still colder weather for to-
night.

HOUSE GUTTED;
FIRE TRUCK HAS
NARROW ESCAPE

Fire of unknown origin gutted
the upper story of the home of
James Woolles, 476 South Second
street, shortly before noon today,
giving the fire department a hard
battle before the flames were sub-
dued. The motor hose truck from
headquarters, had a narrow escape
from a serious accident when it skid-
ded at Fourth and Pataskala street
and mounted a low stone wall across
the sidewalk. The fact that the
machine was moving slowly at the
time probably prevented serious
damage to the apparatus and injury
to the firemen. Driver Emer Haw-
kins succeeded in stopping the ma-
chine as it seemed about to over-
turn, and continued the trip to the
fire.

When the blaze in the Woolles
home was discovered, the flames
were leaping from the roof and by
the time the department had streams
playing on the blaze it had gained
considerable headway. The roof was
burned away and the upper story
was waterlogged. The lower floor
was waterlogged.

The firemen attacked the blaze
short handed, the alarm coming at
near time. Each headquarters truck
carried two men to the blaze. This
force was increased when No. 4 com-
pany from North Newark reached
the blaze, picking up some of the
headquarters firemen who left their
dinner when the alarm sounded.

NEWARK BOWLERS HIGH.
In the state bowling tournament
at Columbus last night Stekow and
Hawkins of Newark dropped into sec-
ond place in the doubles, with a
score of 1177. Kelley and Mum-
maw of Dayton are high with 1188,
and Franz and Mackey of Cleveland,
are third with 1169.

**HOUSE VOTES A
HALF MILLION
TO NAVY YARD**

[ASSOCIATED PRESS TELEGRAM]
Washington, Feb. 7.—The house to-
day authorized use of \$500,000 to equip
Mare Island navy yard to begin build-
ing a dreadnaught or battle cruiser,
the first to be constructed on the Pa-
cific coast in a government navy yard
and authorized expenditure of \$100,000
to enlarge facilities at New York navy
yard. The senate has not yet acted.

**HOOVER STREET
PAVING CHEAPER
THAN 6TH STREET**

Since the adoption of tarvia as a
paving material in this city last year
property owners, particularly those
who face probable improvement of
their streets by paving, have been in-
terested in the comparative cost of
tarvia and brick. Engineer Wells
has just sent to council his report on
the paving of Hoover and Sixth
streets.

Both streets are the same width
as to the surface paved, 25 feet from
curb to curb. The reports state that
the Sixth street tarvia paving cost
\$2.12 1-2 cents per front foot, and
the Hoover street, brick paving,
\$1.92 2-5 cents per front foot.

It is pointed out that the cost of
the Sixth street paving was increased
by the method of construction, the
tarvia being placed on a four-inch
foundation, while the brick on Hoov-
er street were laid on a foundation
of gravel and sand.

**INSPECTION OF
DETENTION DAMS
ON LICKING RIVER**

Edward Moeser, a government in-
spector of Zanesville, was in the city
today securing data and making a
preliminary inspection of the Lick-
ing river in the interest of the pro-
posed detention dams for flood pre-
vention, which project may be taken
up by the government in the very
near future. Inspector Moeser will
make a number of trips along the
Licking before forwarding his report
to the government, and the latter
will in all probability assign several
surveying engineers to this territory.

REPRISALS
MUST BE DIRECTED AGAINST
OTHER THAN SUBJECTS OF
ENEMY

Germany Agrees to Contention of
United States—Would Work for
Freedom of the Seas.

[ASSOCIATED PRESS TELEGRAM]
Washington, Feb. 7.—Germany has
agreed that reprisals must not be
directed against any other than
enemy subjects. This expression is
offered by Germany to take the place
of the phrase containing the word
illegal which was incorporated in the
draft of the Lusitania agreement now
under consideration.

It also became known that Ger-
many expresses the hope that it may
have the opportunity of co-operat-
ing with the United States in some
action looking toward the freedom
of the seas before the end of the
war.

This statement is taken in high
diplomatic circles to imply that the
Berlin government sees no occasion
to await the cessation of hostilities
before settling that issue.

Furthermore the German govern-
ment refers to the British blockade
of Germany as being inhumane, calls
attention to the fact that neutral
vessels have been subjected to the ef-
fects of the British blockade.

many and puts forth the contention
that the German retaliation in the
North Sea is justified in the actions
of Great Britain.

Claims that reprisals are legal are
not mentioned.

As has been previously stated
Germany says in the communication
that the killing of citizens in the
North Sea has been changed out of
regard for the long-standing friend-
ship between the United States and
Germany and because American lives
were lost.

RUSSIAN
(Continued from Page 1.)
live under the shadow of the dis-
grace of having killed a man. Gov.
Willis characterized his nature as
that of a fatalist. The Russian stu-
dent who acted as interpreter, said
he only displays a typical Russian
quality of stoicism. He said Skribner
gave no indication of insanity
but only distress at being the object
of so much attention. Skribner is
sufficiently educated to be able to
read and write Russian well, Wis-
niewsky said and is religious. He feels
keenly the disgrace imposed on his
brothers and sisters in Russia by his
career in America, it is said.

Gov. Willis appeared worried over
the case. He said he had received
no further requests that Skribner be
shown clemency since the Russian
consul at Pittsburgh visited him Sat-
urday. The problem is only his own
conscience, he explained.

Mrs. Thomas, wife of the warden,
is interested in Skribner.

"I feel that he will not die in the
electric chair Thursday night," she
said today. "I cannot help believing
that something will happen to save
him. I don't know why I feel this
certainty, but I do most emphatic-
ally."

DIFFERENCE
OF OPINION REGARDING SHORT-
AGE IN COMPLEMENT
OF MEN

In Atlantic Fleet, Between Chief of
Bureau of Navigation, and
Admiral Fletcher.

[ASSOCIATED PRESS TELEGRAM]
Washington, Feb. 7.—When Rear
Admiral Blue, chief of the bureau of
navigation, told the house naval
committee today that the Atlantic
fleet went south for winter drills
with an excess of nearly 200 men in
its enlisted personnel, Representative
Britten produced a radiogram from
Admiral Fletcher stating that the
fifteen battleships were short nearly
1,000 men. The message said the
ships lacked 510 coal passers, 67
machinists' mates, 48 gunners'
mates, 32 boatswains' mates, 62
electrician, 60 yeomen and 44 cooks.

"The message says nothing of the
excess of men in other ratings, how-
ever," replied Admiral Blue, reiterat-
ing his statement that the fleet had
from 150 to 200 men in excess
of its total allowed enlisted comple-
ment when it started.

Admiral Fletcher has said the
fleet was short five thousand enlisted
men last year, while Admiral Blue
has placed the shortage at 1,000.

Admiral Blue said fleet officers
had asked for 1,357 men for the
South Carolina, and Michigan, and
that number on either ship he
thought, would be in the way.

"Have you ever commanded a
battleship?" demanded Representative
Britten.

"No," said Admiral Blue, "but I
have been executive officer of an
armored cruiser, and the executive
officer deals directly with the as-
signment and employment of the
men. The work is exactly the same
on an armored cruiser as on a bat-
tleship."

**TOLEDO POLICE
WERE FRIENDLY
WITH CRIMINALS**

[ASSOCIATED PRESS TELEGRAM]
Toledo, O., Feb. 7.—Portions of
letters tending to show the existence
of friendly relations between Toledo
police officials and criminals remov-
ed from police department files,
were read before a large audience at
St. Paul's M. E. church last night by
Judge John M. Killits, of the United
States district court. These letters,
it is said, form the basis for the
probe into police department activi-
ties now of the United States dis-
trict court.

These letters, it is said, form the
basis for the probe into police de-
partment activities now under way
and County Prosecutor John D'Alton
has promised startling revelations
when the inquiry is completed. "If
I can be of service to you just let
me know the nature of it," read one
letter from a high official to a crim-
inal, according to Judge Killits. "Ev-
erything is up in the air now on ac-
count of many recent safe blowing
jobs within 50 miles of Toledo. We
have to bear the brunt of it, but you
know, old pal, the charge is not so,
by Heck!"

The answer to this letter was a re-
quest for a picture of a certain crim-
inal. "When you get his mug,"
wrote the officer's friend, "please
send it to me as I want to find him
and have him slugged."

Correspondence showed the picture
was secured and a negative sent as
requested, Judge Killits said.

Other correspondence read was be-
tween police officers and a criminal
wanted for felony in many cities. It
was read to substantiate the charge
that the local department gave the
man protection.

**AKRON BIGAMIST
TO PENITENTIARY**

[ASSOCIATED PRESS TELEGRAM]
Akron, Feb. 7.—Jesse Farewell, 28,
who lived with two wives, at the same
time at Springfield Lake, near here,
pleaded guilty to bigamy today, and
was sentenced to a term in the peni-
tentiary of from one to seven years.

By the time a man is ready to
wear Fame's laurel wreath, his head
is generally so big that it no longer
fits.

Didn't Expect to Live

In a letter to the "Hins Laboratories," Mrs. G. O. Walker, of Walker,
Lane County, Oregon, writes:

"I have been taking Fruitoia and it has been a
great relief. I suffered so with gall-stones my family
and friends didn't expect me to live."

Fruitoia is a powerful intestinal lubricant and softens the hard-
ened particles that cause so much suffering, expelling the com-
plicated waste in an easy, natural manner, to the sufferer's great re-
lief. A single dose is usually sufficient to clearly indicate its ef-
ficacy. To build up and restore the weakened, run-down system,
Fruitoia is highly recommended as a tonic, because it acts on the
liver and kidneys, stimulates the flow of gastric juices to aid di-
gestion and removes bile from the general circulation.

Fruitoia and Traxo are prepared in the Hins Laboratories at Men-
tistello, Ill., and arrangements have been made to supply them
through representative druggists. In Newark they can be obtained
at Evans' Drug Store, Warden Hotel Block.

States as covering the same point
without humiliating Germany and
having regard for public opinion in
that country, this announcement was
taken as strengthening the optimis-
tic atmosphere which surrounds the
negotiations, and possibly leaving
open the way to continued negotia-
tions.

The principal consideration of the
United States now is that there
shall be an acknowledgment by
Germany that the sinking of an un-
resisting merchantman without
warning is in contravention of inter-
national law and that such naval
warfare shall be permanently dis-
continued. The German contention
is that such assurances already have
been given in the Arabic case and

Newark Telephone Company Adds a Large Number of New Subscribers to Its List

In the last three months, The Newark Telephone company has added 239 new patrons to its system, in spite of the congested conditions of its lines in the city. The company is now making large extensions which will take several months to complete. Underground has been put in through the south end of the town and new cable is being strung in this section which will make it possible for the company to install over twice as many telephones as they have there at the present time. Four hundred new lines of switchboard equipment are being installed in the main office and branch offices. The company has placed a large order for cable which it is expected will be delivered within the next sixty days. Out of the 35 cables in the city, over one-half will be increased from 5 to 100 per cent, giving room for over 3,000 new subscribers which, from present indication, the company expects to secure within the next 18 months. This new cable will be extended considerably beyond the present city limits. One running as far as O'Bannon avenue in the east, and one as far as Twenty-first street, in the west, making it possible for the telephone company to take new subscribers in the additions which have been laid out in these sections of the city.

The following is a list of the new subscribers added to the company's system which for convenience of subscribers, might be inserted in the present directory:

The World War a Year Ago Today—Feb. 7.

Von Hindenburg's German army, in a rapid march, turned the Russian flank at Johannsburg, in East Prussia, and forced the enemy to retreat back to Russian territory.

France admitted loss of part of its line at Bagatelle. The Germans captured trenches at La Boisselle by exploding mines.

Russia reported success on the Bzura line in Poland. Austrian reports claimed repulse of a strong infantry attack on heights at Dukla pass, in the Carpathians.

Russia reported twenty-two violent but unsuccessful Austrian attacks with the bayonet, near hill 902, in Galicia.

Canada will spend \$785,000 this year for maintenance of experimental farms.

"The Store In Newark—Where Quality Counts"

Dr. Frederick A. Cook, photographed a few days ago in Washington.

Dr. Frederick A. Cook, mountain climber and Arctic explorer, who leaped into prominence a few years ago by announcing he had discovered the North Pole, is in Washington to demand of congress an investigation of his claim and vindication in the eyes of the world.

Year rings on the scales of fish are used in Norway and France to determine the age of sardines, whether they have reached their full growth and when they will spawn.
